Dear Governing Board Members and Alternates,

This is a follow-up to our message to you last Friday regarding the second BRP Revision Workshop during the Governing Board meeting on Thursday, Dec. 14. To further inform your thinking and assist in the development of project or program concepts, attached you will find a summary of notes from the previous BRP workshops (Phase 1) held by the Governing Board and the Watershed Advisory Council, and a copy of an introductory presentation for the upcoming workshop (Phase 2).

Furthermore, and more importantly, we would like you to take a look at the survey form (attached) we developed to assist the SMBNEP management conference and SMBNEP staff in collecting ideas, suggestions and concepts for the development of specific actions, projects or programs that will direct the efforts of the SMBNEP for the coming years (Phase 2). The series of questions included in the survey will be used to guide and facilitate gathering input from all of you, both at the upcoming workshop and through an online survey, which will be launched on the 14th of December and closed on January 11th with the following link.

Again, on behalf of the SMBNEP community we thank you for your efforts and look forward to seeing you this Thursday.
